

Rebecca Breit

Training & Performance Consultant

Golden Egg Communications

Improving Your Production & Success Capability

Rebecca Breit is a professional training and performance consultant with fourteen years of experience in training and teaching. She was a team leader for 17 performance consultants at the Business & Technology College of the Metropolitan Community Colleges in Kansas City, MO, until recently taking a new position as the director of the Library and Learning Resource Center. Rebecca also works as a part-time consultant with Golden Egg Communications.

Rebecca holds a professional training certificate from Achieve Global, and is a certified training manager and instructional designer with Langevin Learning Services. She is a certified trainer for the Retail Management Series. Her training efforts focus on leadership, communication and workplace skills that improve performance and productivity.

Rebecca is a certified auditor in ISO 9001:2000 Quality Management Standards and ISO 14001 Environmental Management Standards, providing quality management training, auditing and consulting services to organizations in service and manufacturing industries. She has assisted companies in Missouri and Kentucky with ISO quality management system implementation and registration.

Rebecca holds a bachelor's degree in History from the University of California, and a master's degree in Information Science and Learning Technologies from the University of Missouri.
